COMPREHENSIVE CV DISEASE MANAGEMENT: FROM FUNDAMENTALS TO INNOVATION

February 10, 2017
7 AM - 5 PM
CME Symposium

Sheraton Mahwah Hotel
1 International Blvd. (Rte. 17 North)
Mahwah, NJ 07495

Program Directors
Suneet Mittal, MD
Lars G. Svensson, MD, PhD
John A. Goncalves, MD

#CardiacVHCC

REGISTER TODAY!
events.medtelligence.net/CV17.html
AGENDA

7:00 AM  Registration and Continental Breakfast

7:50  Opening Remarks

Prevention 360: Management of CV Risk

8:00  Current Therapies for the Treatment of Dyslipidemia, Including the Statin-intolerant Patient
Steven Nissen, MD

Gerald Sotsky, MD

8:40  Glucose-lowering Agents in the Prevention of CV Events and Mortality in T2DM
Steven Nissen, MD

9:00  Current and Future Imaging Trends in Risk Stratification for Coronary Artery Disease
Brian Griffin, MD

9:20  Panel Discussion: Moderator: Gerald Sotsky, MD
Participants: Sheldon Eisenberg, MD; Edward Julie, MD; Faculty

9:40  Coffee Break

Latest Advances in Interventional Cardiology and Cardiothoracic Surgery

10:00  The Diabetes Epidemic and its Effect on Cardiac Surgery Practice: Operative Strategies to Maximize Long-term Survival after CABG
Faisal Bakaeen, MD

10:20  To Pump or Not to Pump. Can We Settle the Matter in Coronary Surgery?
Alex J. Zapolanski, MD

10:40  Expanding Indications for TAVR: The Preferred Alternative to Surgery in Intermediate-risk Patients?
John A. Goncalves, MD, Program Director

11:00  SAVR Trends and Indications: Mortality, Stroke, and Long-term Durability
Douglas Johnston, MD

11:20  Current Management of Mitral Regurgitation
Sean R. Wilson, MD

11:40  Panel Discussion: Moderator: John A. Goncalves, MD
Participants: Thomas P. Cocke, MD; Dennis S. Reison, MD; Faculty

12:00 PM  Lunch Break
Latest Advances in Electrophysiology

1:00  Contemporary Strategies for Catheter Ablation of Atrial Fibrillation
      Suneet Mittal, MD, Program Director

1:20  Anticoagulation to Reduce Stroke and Systemic Embolism in Patients
      with Atrial Fibrillation
      Mark W. Preminger, MD

1:40  The Left Atrial Appendage: A New Therapeutic Target
      Dan L. Musat, MD

2:00  Remote Patient Monitoring – The Modern Care Paradigm
      Niraj Varma, MD, PhD

2:20  Novel Advances in Electrophysiology
      Walid Saliba, MD

2:40  Panel Discussion: Moderator: Suneet Mittal, MD
      Participants: Joel S. Landzberg, MD; Faculty

3:00  Coffee Break

Management and Decision Making for Heart Failure

3:20  Contemporary Medical Management of Heart Failure
      Kariann Abbate, MD

3:40  Indications for Temporary and Long-term Mechanical Circulatory
      Support: Current Status and Future Direction
      Edward Soltesz, MD, MPH

Navigating the New Healthcare Climate

4:00  Overview of the Current Changes in the Healthcare Environment
      Suma A. Thomas, MD, MBA

4:20  Population Health and Cardiology: Why Should You Care?
      Robert Brenner, MD

4:40  Valley Hospital and Cleveland Clinic Alliance: Why It Makes Sense
      Audrey Meyers

5:00 PM  Adjourn
Program Directors

Suneet Mittal, MD
Director, Electrophysiology
Medical Director, Snyder Center for Comprehensive Atrial Fibrillation Valley Health System

John A. Goncalves, MD
Director, Cardiac Surgery
Surgical Director, Transcatheter Aortic Valve Replacement Program Valley Health System

Lars G. Svensson, MD, PhD
Chairman, Sydell and Arnold Miller Family Heart & Vascular Institute Cleveland Clinic

The Valley Health System Faculty

Kariann Abbate, MD
Advanced Heart Failure Cardiologist

Dan L. Musat, MD
Staff Electrophysiologist

Robert Brenner, MD
Senior VP, Chief Physician Executive

Mark W. Preminger, MD
Staff Electrophysiologist

Thomas P. Cocke, MD
Interventional and Structural Cardiologist

Dennis S. Reison, MD
Interventional Cardiologist

Sheldon Eisenberg, MD
Noninvasive Cardiologist

Gerald Sotsky, MD
Chair, Cardiac Services Director, Valley/Cleveland Clinic Affiliation

Edward Julie, MD
Interventional Cardiologist

Sean R. Wilson, MD
Interventional and Structural Cardiologist

Joel S. Landzberg, MD
Cardiologist
President/Governor, New Jersey Chapter of the American College of Cardiology

Alex J. Zapolanski, MD
Cardiac Surgeon
Director, Valley/Cleveland Clinic National Employer Network

Audrey Meyers
President and Chief Executive Officer
Cleveland Clinic Faculty
Sydell and Arnold Miller Family Heart & Vascular Institute

Faisal Bakaeen, MD
Staff, Department of Thoracic and Cardiovascular Surgery

Brian Griffin, MD
Section Head, Cardiovascular Imaging
Robert and Suzanne Tomsich Department of Cardiovascular Medicine

Douglas Johnston, MD
Staff, Department of Thoracic and Cardiovascular Surgery

Steven Nissen, MD
Chairman, Robert and Suzanne Tomsich Department of Cardiovascular Medicine

Walid Saliba, MD
Staff, Section of Electrophysiology and Pacing
Robert and Suzanne Tomsich Department of Cardiovascular Medicine

Edward Soltesz, MD, MPH
Cardiovascular & Heart Transplant Surgeon, Department of Thoracic and Cardiovascular Surgery

Suma A. Thomas, MD, MBA
Staff, Section of Cardiovascular Imaging
Robert and Suzanne Tomsich Department of Cardiovascular Medicine Vice-Chairman, Operations and Strategy

Niraj Varma, MD, PhD
Staff, Section of Electrophysiology and Pacing
Robert and Suzanne Tomsich Department of Cardiovascular Medicine
LEARNING OBJECTIVES

By participating in this continuing medical education program, attendees will be better able to:

• Assess current recommendations and therapies for the treatment of dyslipidemia, including its management in statin intolerant patients

• Review the latest evidence and guideline recommendations on achieving optimal blood pressure levels

• Apply recent evidence and guideline recommendations on glucose-lowering agents for the prevention of cardiovascular (CV) events and mortality in type II diabetes

• Relate how imaging modalities contribute to risk stratifying patients for coronary artery disease (CAD)

• Understand the latest advances in interventional cardiology, including bioresorbable scaffolds in the treatment of CAD, and cardiothoracic surgery, including new techniques for valve repair and replacement

• Appreciate how the diabetes epidemic impacts cardiac surgery strategies to improve long-term survival

• Review the evolving indications, techniques, and outcomes for surgical aortic valve replacement (SAVR), transcatheter aortic valve replacement (TAVR), and mitral valve repair/replacement

• Discuss contemporary catheter ablation strategies for the treatment of atrial fibrillation (AF)

• Assess the clinical experience and potential of non-VKA oral anticoagulants (NOACs) and left atrial appendage occlusion devices to manage thromboembolic risk associated with AF

• Describe the evolving landscape for monitoring and treatment of arrhythmias that includes remote monitoring capabilities and advances in electrophysiology devices

• Explain contemporary medical management of heart failure based on guideline recommendations, and the role of temporary and long-term mechanical circulatory support

• Describe the major changes taking place in the U.S. healthcare environment, with a focus on its impact on population health overall and specifically on CV health

ACCREDITATION STATEMENT

The Valley Hospital is accredited by the Medical Society of New Jersey to provide continuing medical education for physicians.

CREDIT DESIGNATION

The Valley Hospital designates this live activity for a maximum of 7 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in this activity.
Register online:

events.medtelligence.net/CV17.html

COURSE OFFERING AND REGISTRATION FEES

- $150 for Physicians
- $100 for NPs, PAs, Nurses, and other Healthcare Professionals
- $25 for Fellows
- No Fee for Valley Hospital and Valley Medical Group Staff

REGISTRATION FEE INCLUDES

CME verification certificate, WIFI access to syllabus, continental breakfast, lunch, and AM/PM breaks

CANCELLATION POLICY

A refund, less a $15 administrative fee, will be issued upon written request. No refunds will be made after January 20, 2017. Valley Hospital reserves the right to cancel this program.

TARGET AUDIENCE

This symposium is intended for practicing clinical cardiologists, cardiac surgeons, electrophysiologists, neurologists; primary care, family practice and internal medicine physicians with an interest in cardiology; as well as NPs, PAs, Nurses, and other allied healthcare professionals, and fellows and residents involved in the treatment of patients with cardiovascular disease.

POLICY ON FACULTY AND PROVIDER DISCLOSURE

It is the policy of The Valley Hospital that faculty and providers disclose real or apparent conflicts of interest relating to the topics of this educational activity, and also disclose discussions of unlabeled/unapproved uses of drugs or devices during their presentations. The Valley Hospital has established policies in place that will identify and resolve all conflicts of interest prior to this educational activity.

PARKING

Complimentary parking is available onsite at the Sheraton Mahwah Hotel.
