

Clinicians Live:

Management Implications of Non-HDL Lipids and Inflammation in CAD

April 27, 2018
6:30 PM – 8:30 PM
CME Dinner Symposium

**Earn up to
1.5 AMA PRA
Category I
Credits™**

JW Marriott

Marquis 1,2,3
221 N. Rampart Blvd.
Las Vegas, NV 89145

Faculty

Sergio Fazio, MD, PhD, *Chair*
Deepak Bhatt, MD, MPH
Aruna Pradhan, MD, MPH
Suzanne Shugg, APN, DNP
James Underberg, MD, MS

Supported by an educational grant from Amarin Pharma Inc.

This activity is jointly provided by the
National Lipid Association.

Faculty

Sergio Fazio, MD, PhD, Chair

William and Sonja Connor Chair of Preventive Cardiology
Professor of Medicine, Physiology & Pharmacology
Director, Center for Preventive Cardiology
Knight Cardiovascular Institute
Oregon Health & Science University
Portland, OR

Deepak L. Bhatt, MD, MPH

Executive Director
Interventional Cardiovascular Programs
Brigham and Women's Hospital Heart & Vascular Center
Professor
Harvard Medical School
Boston, MA

Aruna Pradhan, MD, MPH

Assistant Professor of Medicine
Harvard Medical School
Associate Physician
Division of Preventive Medicine
Brigham and Women's Hospital
Staff Cardiologist
VA Boston Healthcare System
Boston, MA

Suzanne Shugg, APN, DNP

Director of Preventive Cardiovascular Care
New Jersey Cardiology Associates.
CEO, Teleplus Healthcare
Assistant Professor
Rutgers School of Nursing
Newark, NJ

James A. Underberg, MD, MS

Clinical Lipidology
Clinical Assistant Professor of Medicine
NYU School of Medicine & NYU Center for Prevention
of Cardiovascular Disease
Director, Bellevue Hospital Lipid Clinic
President, National Lipid Association
New York, NY

Program Overview

This highly interactive CME-certified symposium will feature a faculty of 5 leading international experts who will address the complex interrelationship of non-HDL-C (including HTG) and inflammatory biomarkers associated with cardiovascular disease and its outcomes. The intersection of lipids, inflammatory pathways, and vascular pathways in atherosclerosis will be examined. This educational activity will provide the opportunity for the multidisciplinary faculty and symposium participants to work through complex issues that challenge healthcare providers in caring for patients with elevated atherogenic cholesterol and triglycerides, many (or most) of whom have been sub-optimally managed.

Agenda

- 6:30 PM **Registration and Buffet Dinner**
- 7:00 **Program Overview**
Sergio Fazio, MD, PhD, Chair
- 7:10 **Anti-inflammatory Pathways and Therapy
in Atherosclerotic Disease**
Aruna Pradhan, MD, MPH
- 7:25 **Where Are We Now in Managing Non-HDL-C?**
Deepak Bhatt, MD, MPH
- 7:40 **Clinician Live Discussion**
All Faculty
- 8:00 **Q & A**
Faculty and Audience
- 8:10 **Challenging Cases for Discussion**
Faculty and Audience
- 8:25 **Final Chair Comments**
Sergio Fazio, MD, PhD, Chair
- 8:30 PM **Adjourn**

CME credit provided by the National Lipid Association

In support of improving patient care, this activity has been planned and implemented by The National Lipid Association and Medtelligence. The National Lipid Association is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physician Credit Designation Statement

The National Lipid Association designates this live activity for a maximum of 1.50 *AMA PRA Category 1 Credits™*. Physicians should claim only credit commensurate with the extent of their participation in this activity.

Physician Assistants

NCCPA accepts *AMA PRA Category 1 Credits™* from organizations accredited by the ACCME.

Dietitians

The National Lipid Association is a Continuing Professional Education (CPE) Accredited Provider with the Commission on Dietetic Registration (CDR). Registered dietitians (RDs) and dietetic technicians, registered (DTRs) will receive 1 continuing professional education units (CPEUs) for completion of this program/materials. CDR Accredited Provider #NL002.

Pharmacists

Universal Activity Number – J0007192-9999-18-006-L01-P (Application)

This Activity has been approved for 1.50 contact hour(s) (.150 CEUs) of the Accreditation Council for Pharmacy Education.

Nursing

The maximum number of hours awarded for this CE activity is 1.5 contact hours.

Pharmacotherapy contact hours for Advance Practice Registered Nurses to be determined.

Activity Type

Live, Application

Criteria for Success

Statements of credit will be awarded based on the participant's attendance and submission of the activity evaluation form. A statement of credit will be available upon completion of an online evaluation/claimed credit form at www.lipid.org/cme.

For Pharmacists: Upon receipt of the completed activity evaluation form, transcript information will be available at www.mycpemonitor.net within 4 weeks.

Commercial Support

Full notification of commercial support will be provided in the activity syllabus.

Americans with Disabilities Act

Event staff will be glad to assist you with any special needs (ie, physical, dietary, etc.). Please contact Milly Marte prior to the live event at mmarte@medtelligence.net.

There is no fee for this educational activity.

This activity is jointly provided by the National Lipid Association in collaboration with Medtelligence.

This is an independent satellite CME/CE symposium held in conjunction with the 2018 NLA Annual Scientific Sessions. It is not part of the official sessions as planned by the NLA Scientific Meetings Committee.

Register online:

events.medtelligence.net/nla18.html

Learning Objectives

At the conclusion of this activity, participants should be able to:

- Discuss the contribution of lipoproteins, inflammatory pathways, and vascular cells in the formation of atherogenic plaques and eventual atherothrombosis
- Relate the clinical and genetic evidence for the association between elevated triglycerides/remnant lipoproteins and atherosclerosis
- Describe the anti-atherosclerotic/anti-inflammatory properties of therapies that have been shown to reduce atherosclerotic plaque burden
- Apply evidence-based guidelines to lifestyle and therapeutic approaches for managing patients with hypertriglyceridemia
- Discuss strategies to improve the knowledge, skills or performance of the healthcare team

Target Audience

This activity is designed to meet the needs of lipidologists, internists, endocrinologists, physician assistants, pharmacists, registered nurses, nurse practitioners, advance practice registered nurses and registered dietitians with an interest in lipid management and CV disease risk reduction.

Parking

- Complimentary on-site parking
- Complimentary valet parking
- Electric car charging stations: 1, Complimentary
