CME/CE Breakfast Symposium

Clinician Update: New Options and Strategies for CV Risk Reduction in Diabetes

CME/CE Breakfast Symposium

Clinician Update: New Options and Strategies for CV Risk Reduction in Diabetes

Attendance is limited.

Go to www4.cmrreg.com/ada2018 to register for the American Diabetes Association's 78th Scientific Sessions and our Corporate Symposium.

- If you have already registered for Scientific Sessions, sign in as a Non-Member using your e-mail address or as a Member using your e-mail address or professional member ID # and zip code and you will be able to add the Corporate Symposium to your existing registration. Select 'Edit Registration' and proceed through the registration pages to the Corporate Symposia, and after making your selection, click 'Next Page' until you see your confirmation summary. You will receive a revised e-mail confirmation.
- If you have any questions regarding your registration please contact the ADA Registration & Hotel Support Center at (866) 290-9910 (toll free US & Canada) or (415) 268-2086 (International) Monday-Friday, between the hours of 9 a.m. - 9 p.m. ET or send a message at ada.cmrushelp.com

Saturday, June 23, 2018

5:30 – 6:00 AM

Registration and Buffet Breakfast

6:00 – 7:45 AM

CME/CE Symposium

Hyatt Regency Orlando

Plaza International Ballroom D-G

9801 International Drive

Orlando, FL

Faculty

Yehuda Handelsman, MD, *Chair*

Deepak L. Bhatt, MD, MPH

Om P. Ganda, MD

Aruna Pradhan, MD, MPH

Jointly provided by Postgraduate Institute for Medicine and Medtelligence.

To be held in conjunction with the American Diabetes Association's 78th Scientific Sessions.

78TH SCIENTIFIC SESSIONS
ORLANDO, FL • JUNE 22 – 26, 2018

This activity is supported by an independent educational grant from Amarin Pharma Inc.

Clinician Update: New Options and Strategies for CV Risk Reduction in Diabetes

Saturday, June 23, 2018

Program Overview

This highly interactive CME/CE symposium will feature a faculty of 4 leading international experts who will address the complex interrelationship and treatment of cardiovascular (CV) disease and type 2 diabetes. The multidisciplinary faculty and symposium participants will work through complex issues that challenge healthcare providers in caring for patients with diabetes who often have elevated atherogenic cholesterol and triglycerides, many (or most) of whom have been sub-optimally managed.

Target Audience

This activity is intended for Endocrinologists, Diabetologists, Cardiologists, Internists, NPs/PAs, and other healthcare providers engaged in the care of patients with diabetes.

Joint Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by the Postgraduate Institute for Medicine and Medtelligence. Postgraduate Institute for Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physician Continuing Medical Education

The Postgraduate Institute for Medicine designates this live activity for a maximum of 1.75 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure of Conflicts of Interest

Postgraduate Institute for Medicine (PIM) requires instructors, planners, managers and other individuals who are in a position to control the content of this activity to disclose any real or apparent conflict of interest (COI) they may have as related to the content of this activity. All identified COI are thoroughly vetted and resolved according to PIM policy. The existence or absence of COI for everyone in a position to control content will be disclosed to participants prior to the start of each activity.

Americans with Disabilities Act

Event staff will be glad to assist you with any special needs (ie, physical, dietary, etc). Please contact Milly Marte prior to the live event at mmarte@medtelligence.net.

Fee Information

This activity is included in the American Diabetes Association's 78th Scientific Sessions registration fee.

Learning Objectives

After completing this activity, the participant should be better able to:

- Discuss the contribution of lipoproteins, insulin resistance, and other cited risk factors in the formation of atherogenic plaques and eventual atherothrombosis in patients with diabetes
- Relate the clinical and genetic evidence for the association between elevated LDL-C and triglycerides/remnant lipoproteins to the formation and perpetuation of atherosclerosis and its feared events
- Describe the anti-atherosclerotic/anti-inflammatory clinical results of therapies that have been shown to reduce atherosclerotic-based adverse events
- Apply evidence-based guidelines to lifestyle and therapeutic approaches for managing patients with elevated CV risk

Faculty

Yehuda Handelsman, MD, Chair
Medical Director and Principal Investigator
Metabolic Institute of America
Tarzana, CA

Deepak L. Bhatt, MD, MPH
Executive Director, Interventional Cardiovascular Programs
Brigham and Women's Hospital Heart & Vascular Center
Professor of Medicine, Harvard Medical School
Boston, MA

Om P. Ganda, MD
Director, Lipid Clinic
Chair, Clinical Oversight Committee
Joslin Diabetes Center
Associate Professor of Medicine, Harvard Medical School
Boston, MA

Aruna Pradhan, MD, MPH
Associate Physician, Brigham and Women's Hospital
Staff Cardiologist, VA Boston Healthcare System
Assistant Professor of Medicine, Harvard Medical School
Boston, MA

Agenda

5:30 AM **Registration and Buffet Breakfast**

6:00 **Program Overview**
Yehuda Handelsman, MD, Chair

6:10 **A New Era in CV Risk Reduction with Glucose-lowering Agents**
Om P. Ganda, MD

6:30 **CV Risk Reduction in Atherogenic Dyslipidemia**
Aruna Pradhan, MD

6:50 **Secondary Prevention of CV Events in Patients with Diabetes**
Deepak L. Bhatt, MD, MPH

7:10 **Clinician Live Discussion**
All faculty

7:25 **Challenging Cases for Discussion**
All faculty

7:35 **Q & A**
All faculty

7:45 AM **Adjourn**
